APPTITUDE

ONE PLATFORM

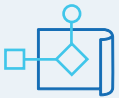

Simplify your legal and business operations and automate daily processes so you can focus on strategy.

Apptitude provides these capabilities on a single platform:

Collaboration

Improve knowledge sharing and collaboration among internal and external team members.

Workflow

Find efficiencies and reduce cost by building better workflows.

Process

Automate manual processes that can slow business and eliminate costly mistakes.

Case Management

Capture all data and documents in a central repository to simplify management.

All solutions are built on the Apptitude platform and benefit from these core strengths:

Security

Data is secure and encrypted both in-transit and at-rest. Onit uses an enterprise-class, secured hosting environment that is backed up daily.

Reporting & Analytics

Track metrics across the department, analyze invoices and evaluate performance against the budget.

Integrations

Integrate with document management, ERP and other back-end systems.

UNLIMITED POTENTIAL

The Apptitude platform provides the foundation for solutions across your business. Apptitude has transformed some of largest global companies to become more agile, efficient and effective.

One platform offers:

Unlimited solutions: By combining robust capabilities on a highly configurable and scalable platform, Apptitude supports an unlimited number of solutions – from department-specific (i.e. legal spend management, legal holds, legal service requests, etc.) to shared solutions common across all industries (i.e. contract management). Our implementation team, coupled with our partner network, bring decades of industry expertise to the creation, implementation and support of your solutions.

Unlimited growth: Whether you are looking to automate one process or 15, you can configure and deploy what you need when you need it. It's easy to enhance existing solutions and add new departments as your needs change and your company evolves. Apptitude scales to support thousands of users and millions of documents, meaning you will not outgrow the Apptitude platform.

Unlimited future: With a new Apptitude version release every month, your solutions benefit from the latest technology innovations and best practices and stay up to date with industry trends and compliance regulations. Apptitude was designed from the ground up to be a comprehensive, scalable and agile platform that has unlimited potential.
