# SMARTCOUNSEL SELECT

Onit's SmartCounsel Select was designed to help corporate legal teams manage and reduce costs by improving the ability to strategically select and manage outside counsel. It ensures that the right firm is chosen for each matter by presenting all necessary KPIs about qualified firms and by enforcing a workflow that is driven by law department policy. Whether used principally to enforce an already established panel management program, or simply ensuring thoughtful assignment decisions in a more open process, SmartCounsel Select delivers data, guidance and the full learnings of your law department at the point of action. This solution is critical to help a department effectively manage matters and overall company risk.
